NEW ADVENTURE AWAITS

We provide comfortable, reliable and user-friendly inflatable boats at unrivalled value!

PURSUE EXCELLENCE

High quality, high performance boats since 2018

SUPERIOR MATERIALS

For our aluminum Ribs and Roll-Up Boats, we build to the highest quality industry-standards using only top-grade construction materials and methods. Our inflatable tubes are constructed with the world-leading Mahler Industries PVC in Germany and Achilles Hypalon from Japan. We use double-welded reinforced seams on all our inflatable tubes, ensuring a long and durable life. Our marine-grade aluminum is powder coated and baked at 390°F to ensure a long-lasting durable finish. Before leaving the factory, each Great Lakes Inflatable Boat meets quality standards to ensure customer satisfaction.

OUR STORY

Great Lakes Inflatable Boats is a proud Ontario-based company, created in 2018. Our mission is to provide North American boaters with comfortable, reliable and user-friendly inflatable boats at unrivaled value to every level of boater.

With almost two decades of experience in Ontario's inflatable boat market, prior to starting Great Lakes Inflatable Boats, we have the knowledge and experience to deliver quality, long-lasting and reliable inflatable boats to fit every boater. We are redefining the small-size console inflatable boat market.

LITE SERIES

Combining light weight, comfort and design.

Available colors

- White
- Grey

FEATURES

- Double-welded seams
- German Mahler PVC (optional Hypalon)
- Adjustable, removable seats
- Seat cushion with under seat storage bag
- Bow seat with fuel storage (fits 12 L fuel tank) Powder coated aluminum hull
- Inside oar storage
- Single deck for reduced weight
- Total of 5 lifting points, one at bow and four at stern Anti slip deck
- Fuel tank strap in bow seat
- Tow points at bow
- Full length keel guard for maximum protection

COMFORT AND DESIGN

The SH Lite Series balances weight and comfort. Our Lite series features a single deck to reduce weight. Our lightest model only weighs 78 pounds.

We are proud to be first in the industry to feature a bow seat, which includes storage for a 12-liter fuel tank, that also acts as a step for boarding and disembarking. No other manufacturer has this feature in a single deck boat. The SH Lite series is a great choice for a quick, light Aluminum Rib.

WARRANTY

Each boat is the result of Great Lakes vast experience in production of fine pleasure boats. It represents the high degree of craftsmanship and reliability that are the Great Lakes commitment. You will have made a wise investment by purchasing a Great Lakes inflatable, we are convinced it will bring you many years of fun on the water and boating pleasure.

After purchasing one of our boats, your product must be registered within sixty (60) days from the date the product is purchased. Warranty extension covers the ability of the tube fabric to hold air to ISO 6185 (airtightness test).

Duration of the coverage:
Tube made of ORCA® (Hypalon) fabric: 10 years
Tube made of Valmex® (PVC) fabric: 5 years
Warranty extension does not apply if the vessel is used for rental or commercial use.
